## FOSTER SPONSORS NEEDED

### MAY 2013

FOR UPDATED INFORMATION OR TO MAKE A FOSTER CARE DONATION**

*Foster families receive a stipend for the care of each foster child. A portion of that stipend is provided by your donation to Altrusa International and the other portion is paid by the orphanage. Members of the Amity team representing Altrusa in China visit each foster child twice a year. We then receive a photo and feedback on how the child is progressing both within the foster family and at school, and pass along this updated information to you.*

*As the cost of foster care has increased over time, there may be some children who have two sponsors in order to jointly provide the annual amount needed for foster care. If you are able to fully sponsor one child for one year, that is a wonderful gift! If you are able to provide a portion of sponsorship, that's an equally wonderful gift.*

*You may choose to have your support directed toward a particular child or orphanage, or you may choose to have your donation used where the need is greatest. Please contact Peggy Gurrad at [peggy@gurrad.com](mailto:peggy@gurrad.com) to establish monthly donations or to provide a single, annual donation of support.*
